Reporting

- [VESPA2024 Internal Reporting](#)

The Europlanet-2024 Research Infrastructure project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 871149.

This work used the EGI Infrastructure with the dedicated support of IN2P3-IRES and CESNET-MCC

All software developments in Europlanet-2024-RI/VESPA are published under the GPLv3 license
